Forward Looking Statements

Our presentation contains “forward-looking” statements or projections based on current expectations. These statements are not guarantees of future performance and are subject to risks and uncertainties. Actual results may differ materially due to: the availability of government funding and budgetary constraints; changes in customer priorities; the impact of economic recovery and stimulus plans and continued hostilities in Iraq and Afghanistan on funding for defense programs; program and contract performance; return or loss on benefit plan assets, interest and discount rates, and other changes that may affect benefit plan assumptions; the effect of capitalization changes (such as share repurchase activity, advance pension funding, option exercises, or debt levels) on earnings per share; failure to have key programs recertified after notice of exceeding cost-growth thresholds specified by the Nunn-McCurdy process; the effect of the technical baseline review of the F-35 program; the timing and availability of future government awards; the allowability of costs under government cost accounting standards; the outcome of legal proceedings; the future impact of acquisitions, divestitures or joint ventures; the timing and availability of future government awards; economic, business and regulatory conditions and other factors. We disclaim any duty to update forward-looking statements to reflect new developments.

Our SEC filings (found at www.lockheedmartin.com or at www.sec.gov), including our 2009 Form 10-K and 2010 10-Qs, contain more information on the types of risks and other factors that could adversely affect these statements.

2010 Financial Results are Unaudited
2010 Portfolio/Affordability Actions

EIG – Enterprise Integration Group
• Announced Sale to Veritas Capital … $815 million
• Sale Closure Expected by Year End 2010
• Financial Results Classified as Discontinued Operations
• IS&GS Guidance Revised

VESP – Voluntary Executive Separation Program
• ~600 Employees Participating
• Total Charge to 3Q 2010 Earnings $178 million pre-tax
• Working with Customer on Timing of Recovery of Program Costs
3Q Sales Summary

Aeronautics

Electronic Systems

IS&GS

Space

Total Corporate Sales Growth of 6%
2010 Sales Outlook ($M)

Sales (July)

- Aeronautics: $13,100 - 13,350
- Space: $8,250 - 8,500
- Electronics: $13,750 - 14,000
- IS&GS: $10,400 - 10,650

$45,500 - 46,500M

Sales (Oct)

- Aeronautics: $13,100 - 13,350
- Space: $8,250 - 8,500
- Electronics: $9,800 - 10,050
- IS&GS: $9,800 - 10,050

$44,900 - 45,900M

IS&GS Guidance Updated for EIG to Disc Ops
2010 Segment Operating Profit Outlook ($M)

Segment Op Profit (July)

- **Aeronautics**: $1,475 - 1,500
- **Space**: $935 - 960
- **Electronics**: $1,655 - 1,680
- **IS&GS**: $960 - 985

Segment Op Profit (Oct)

- **Aeronautics**: $1,475 - 1,500
- **Space**: $935 - 960
- **Electronics**: $1,655 - 1,680
- **IS&GS**: $900 - 925

**Segment Op Profit (July)**: $5,025 - 5,125M

**Segment Op Profit (Oct)**: $4,965 - 5,065M

| October 2010 Continuing Operations EPS Outlook                              | $6.75 – 6.95 |
Emerging Trends - 2011

• Sales Growth in Low Single-Digit Range
  – Aeronautics: Strong Growth … F-35 & C130J
  – Electronics: Flattish … PTDS Completion in 2010 & Littoral Combat Ship Award Delay
  – IS&GS: Slight Decrease … Census Contract Completion in 2010
  – Space: Flattish

• Segment Operating Profit … Similar to 2010 Level

• Pension Expense – FAS/CAS
  – Discount Rate Declining
  – Asset Returns Favorable
  – CAS Harmonization Assumed in 2012

Non-GAAP Financial Measures Disclosure
This presentation, and today’s conference call remarks, contain non-Generally Accepted Accounting Principles (GAAP) financial measures (as defined by SEC Regulation G). While we believe that these non-GAAP financial measures may be useful in evaluating Lockheed Martin, this information should be considered supplemental and is not a substitute for financial information prepared in accordance with GAAP. In addition, our definitions for non-GAAP measures may differ from similarly titled measures used by other companies or analysts.

Segment Operating Profit / Margin
Segment Operating Profit represents the total earnings from our business segments before unallocated corporate income and expense, interest expense, other non-operating income and expense, and income tax expense. This measure is used by our senior management in evaluating the performance of our business segments. The caption “Unallocated Corp Inc / (Exp)” reconciles Segment Operating Profit to consolidated Operating Profit. The caption “Other Pre-Tax Expense (net)” reconciles Segment Operating Profit to consolidated Earnings Before Income Taxes. Segment Margin is calculated by dividing Segment Operating Profit by Sales. Mid-point Segment Margin represents the mid-point of the outlook range for Segment Operating Profit divided by the mid-point of the outlook range for Sales.

(1) Decrease in Sales and Segment Operating Profit Outlooks reflects transfer of EIG to Discontinued Operations

ROIC
Management believes that Return on Invested Capital (ROIC) provides greater visibility into how effectively Lockheed Martin deploys capital. Management uses ROIC as a target level to help ensure that overall performance is understood and acceptable when capital is invested. ROIC is not a measure of financial performance under GAAP, and may not be defined and calculated by other companies in the same manner. ROIC should not be considered in isolation or as an alternative to net earnings as an indicator of company performance.

Free Cash Flow
Lockheed Martin defines free cash flow as GAAP cash from operations less the amount identified as expenditures for property, plant and equipment.

Pre-Pension Cash Flow
Lockheed Martin defines pre-pension cash flow as GAAP cash from operations plus the cash amount contributed to pension trusts.
Our definition of Return on Invested Capital (ROIC) is net earnings plus after-tax interest expense divided by average invested capital (stockholders’ equity plus debt), after adjusting stockholders’ equity by adding back adjustments related to postretirement benefit plans.

Average benefit plan adjustments reflect the cumulative value of entries incorporated into our Statement of Stockholders Equity to recognize the funded / unfunded status of our benefit plans.
